

EFTUniverse's Energy Psychology Certification

with EFTUniverse

The Energy Psychology Certification is the most comprehensive, in-depth training program of its kind, containing 8 powerful modules, 7 of which you can do from the comfort of your own home.

I've become certified in many other modalities, such as the Sedona Method, EMDR, and Gestalt, and I can truthfully say that the EFT Universe workshops represented the best of the best in terms of their content, structure, and presentation.
